Dublin airport is the 13th busiest European airport, with 34.6 million passengers in 2024. It is home to a well known ultra low cost airline.

# Dublin (DUB)

## General Rules

The other planes on the track are low on fuel and reluctant to get out of your way. Instead of the usual Radio rules, you may place any die in the Radio and choose any plane on the track. Move it that many spaces towards the airport (if the plane would pass the airport, remove it instead).

## Green (9)

No additional rules.

## Yellow (7)

You are short on fuel as well.

## Red (4, 🍂)

You are very short on fuel (start with 15 fuel instead of the usual 20). Time to show your intern an efficient landing!

## Black (4, 🍂🍂)

You are short on fuel (start with 20) AND you have a Fuel Leak. Time to show your intern an efficient landing!
